REPLY TO ATTENTION OF:

MEMORANDUM

SUBJECT: Daelyte Services Facility located at 1360 Mt. Elliot, Detroit, MI
FROM: Partap C. Lall, OSC, Response Section 1 *PL*
TO: Diane Sharrokh, Waste, Pesticides, and Toxics Division

Following our telephone conference call today, I met with Jason El-Zein and we discussed the Daelyte Services facility. Jason advised me that I should write this memo to you, advising RCRA Division of the findings of removal program.

As the enclosed memo (to file) states, the Daelyte Services facility does not meet the time-critical removal action criteria. We believe that the 2 underground storage tanks at the facility must be referred to the UST Section in EPA Region V and/or to the State of Michigan UST Program.

Should you have any questions regarding this, please call me at (734) 692-7685.
